

Caudillaenus nicolasi Rabano, 2014 (TH470)

Caudillaenus → Corynexochida → Illaenina → Illaenoidea → Illaenidae

Provenance : Morocco; 'Battou'

Formation : Taddrist Fm

Age : Middle Ordovician, Darriwilian

Details : Complete specimen. Detail images of the left and right holochroal eye (in that order)...check out the detail on those peepers! Looks like there's been a slight repair on the left side of the cephalon, though!
