

***Iliaenus* sp.** (TH271)

Iliaenus → Corynexochida → Illaenina → Illaenoidea → Illaenidae

Provenance : Morocco; "Jbel Erriate"

Formation : Lower Fezouata Fm

Age : Lower Ordovician, Upper tremadocian

Details : Complete specimen. "Jbel Erriate" (as was communicated to me) is actually Jbel Rhyat (South-East of Battou). The visible lenses in the left eye may not come out in the detail images below. May actually be *Caudillaenus nicolasi* (Rabano et al., 2014)

Bought on : 09-10/09/2017

Bought at : Auto World Brussels

Event : International Minerals and Fossils Fair 2017
