

Nileus aff. armadillo (Dalman, 1827) (TH108a)

Nileus → Asaphida → Asaphina → Cyclopygoidea → Nileidae

Provenance : Sweden, Kinnekulle

Formation : ?

Age : Middle Ordovician

Details : Enrolled specimen. Known from the Gullhogen Fm. Sold to me as coming from the Silurian period...which is silly, since it's my understanding that the Asaphida are supposed to have died off during the Upper Ordovician Extinction event. Last 2 images are a focus on the right (holochaoal) eye.
